WORK EXPERIENCE

Gazi University Software Unit

Ankara - Turkey

2021 - 2022 (Part-time)

Collaborated as a Software Intern for 7 months, actively contributing to various projects and gaining substantial practical experience in software development. Worked seamlessly with diverse teams to enhance system functionalities and optimize user experiences.

Work and Travel Program

New Jersey - USA

Summer 2022

Participated in the Work and Travel program in the USA for 4 months, acquiring valuable international work experience. Demonstrated adaptability to diverse work environments, showcasing flexibility, and enhancing cross-cultural communication skills

Diyanet İşleri Başkanlığı

Ankara - Turkey

Summer 2023 (Short Term Internship)

Led the development of a new full-stack website, contributing to the modernization of online platforms within Diyanet İşleri Başkanlığı. During this intense 2-month period, I spearheaded the development of a comprehensive website cataloging all mosques across Turkey, consolidating information within a unified web environment

Gelir İdaresi Başkanlığı

Ankara - Turkey

03/2024 - 06/2024 (Long Term Internship)

During my full-time internship at the Revenue Administration (Gelir İdaresi Başkanlığı), I worked as a Frontend Developer. During this time, I significantly improved my skills in React, Redux, HTML, CSS, and JavaScript, gaining valuable experience by actively participating in various projects.
